## Capt. Jinks Finds Safe

Capt. Jinks' safe which was stolen from his place of business the early part of last week, was found last Tuesday morning lying on the beach at low tide on Shoestack Point, directly across the bay from town. Frank Waterberry discovered the safe as he was rowing past that place.

The robbers had evidently placed the safe on a row boat and taken it to the point where they opened it by knocking off the combination and the heavy hinges letting the door drop out. The safe is a complete loss, unless another door can be fitted to it, as the door is pounded to pieces, but with the exception of a bent wheel, the rest of the safe is all right.

None of the contents of the safe was discovered by Capt. Jinks and he is using every available source in trying to locate them. The most valuable contents of the safe was Capt. Jinks' Permit Papers to be in the United States, which was issued to him 37 years ago. Also the insurance papers on his building which he has insured for \$500, the building contract for his location from J. G. Grant, an open face watch belonging to Blind Tom, a gold finger ring and a town warrant No. 231 drawn in favor of Tom Case.

Capt. Jinks is offering a reward of \$100 to anyone who will furnish

## Firemans Dance February 22

There is one date that every citizen of Wrangell wants to keep open, and that is February 22nd, Washington's birthday and date of the big annual Firemans Ball. The dance will be at the Rink and is going to be one of the biggest affairs that the Firemen have ever pulled off in the town. Several new features are being worked up that will give the dancers, and everyone else, a glorious good time.

The Wrangell Orchestra, of four pieces, will furnish the music and have promised some good numbers. The dancing will start at nine o'clock and continue until break of day. A good supper will be served in the hall so everyone come prepared to have a good time. The admission to dance is \$1.00 and tickets are on sale at all the business houses of the city.

The big cable ship Burnside came to anchor in the roadway last night and spent the night here. The Burnside is on her way to Seattle after having repaired the break in the cable near Cape Fanshaw.

information leading to the arrest and conviction of the men doing the robbery, also a suitable reward for the return of the papers and other contents.

## Wrangell Defeats Ketchikan Again

Last Saturday was red letter day for the Wrangell Basket Ball Team and added another notch in their long line of victories in that popular sport when the Ketchikan team went down to defeat before them by a score of 9 to 34.

The Ketchikan team as reported last week in the Sentinel, arrived in Wrangell early Saturday afternoon, on the big gas boat El Paso, Capt. Harry Ayers, coming here to play the return game to the one played in Ketchikan on New Years night. Along with the Ketchikan boys team came the ladies team of that city and as they wanted to play the Wrangell ladies, rather than let them think that the Wrangell ladies had cold feet, a team was formed that afternoon and a game between the two ladies teams was arranged as a preliminary to the big game to be played that night at the Rink.

The ladies game was called sharply at eight thirty, and the two teams played two ten minute halves with a five minute rest and the score at the close of the game stood 4 to 0 in favor of the visiting ladies. Although the Ketchikan team won the game it was a close and hard fought battle all the way through, the star playing for the home team being Hanna Choquette

and Mrs. Reade, and for the visiting team by Geraldine Rossell and Tot Mercer. The line up for the ladies was:

Wrangell	Ketchikan
Reade	Forward
Hull	"
Choquette	Center
Grant	Guard
Lynch	"
	Mercer

After a short wait, caused by one of the Ketchikan players being locked out of the dressing room, the boys game was called, and amid the deafening noise made by every conceivable noise maker the boys took their places on the floor and the big game was on. The umpire for the evening was George Northrup and the referee was Jack Roundsfeldt. At the toss-up the centers jumped for the ball and Harry Coulter, playing center the first half for the home team, struck the ball driving it into the home hands who with a few seconds play carried it to Lynch who made a clean basket. After the first two baskets Ketchikan took a hand and made a couple and then it was again reversed to the home team and then again to the visitors and so on through the first half, and at the end of the twenty minutes playing the score stood Ketchikan 9 and Wrangell 14.

But the second half was a far different story. The Wrangell boys with the exception of one player had been playing out of their regular position the first half and in the second, Sylvester was placed back in center, and Lewis took his place in the line and Coulter stepped out leaving the team perfect, and the way they played the second half showed that the Wrangell boys have basket ball down to perfection and their team work was perfect, although we cant say that the visitors did not play for they did and they made the boys fight for what they got, but each goal was the same as the first the ball going straight from the center to the Wrangell basket and then through, only twice in the last half did the Ketchikan team get a chance at the basket and each time was a bad miss, so at the close of the second half the boys had run up 20 more marks and the visitors none, leaving the score at the close of the game 34 to 9 in favor of Wrangell.

To try to define the individual plays of each player is an impossibility, but suffice to say that every man on the team from Capt. Lynch to Sub. Coulter played strong and each showed that they have mastered the finer points of the game. Capt. Lynch was the star player of the game in the basket shooting line, having to his honor 22 points, Center Sylvester comes second with eight points and Forward Dalgity third with the remaining four points.

From the score one would think that the home team had no opposition in the game, but to everyone

## School Will Give Play

The Wrangell schools are giving a four act play at the Rink on Saturday evening February 20, according to an announcement made this week. The play will be entitled "Cinderella in Flowerland" and the cast composes 31 of the school children.

The affair promises to be one of the best hits of the season and from the work and attention that the teachers are giving to the drilling of the pupils it is going to be good. The sale of seats will commence February 17th, the price of admission being general admission 25 cents and reserve seats 35 cents. Seats may be reserved at the Walsh Bakery.

## Saw Mill Starts On Long Run

The Willson-Sylvester Mill Company started the big saw mill last Saturday and is now running full force.

The mill company have a long season before them, having a large list of box orders ahead and every indication points to a good season ahead for them.

The mill gives a big payroll to the town each month and, as this year, when she is starting earliest for several years gives promise to a good summer for Wrangell.

## Shurick Drug Co. Closing Out

This morning the Shurick Drug Company opened their place of business in a great closing out sale which will last until everything is sold, and from the way people are flocking there today that will not be very long. Dr. Shurick states that the reason for the closing out of his other professional duties take up so much of his time that he can not give the drug store the attention that it deserves.

Here is a good chance for Wrangellies to fill their needs along that line at a great reduction of prices. Read the add in this issue.

## Wrangell To Play Petersburg

The Wrangell Basket Ball team will play the Petersburg team at that place next Saturday night according to the boys. The team will leave here Saturday afternoon and play there in the evening before the big dance of the Fire Company of that city.

A big bunch of boosters will make the trip with the boys and will stay over for the dance. The game promises to be a good one, so everyone that can get away should accompany the boys.

## Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the *type* is shifted—not the *carriage*.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. typewriting is free from blurs and every letter in the right place.

### NOTICE OF APPLICATION FOR UNITED STATES PATENT.

Mineral Application No. 01733

In the United States Land Office, Juneau, Alaska.

United States Mineral Survey No. 1010

NOTICE IS HEREBY GIVEN that in pursuance of the Act of Congress approved May 10, 1872, "to promote the development of the mining resources of the United States," F. M. Jordan, whose post office address is 211 American Bank Building, in the City of Seattle, State of Washington, U. S. A. do hereby give notice of his intention to make application for United States patent for the F. M. Jordan marble placer claims embracing the George Kelley Marble Claim, W. A. Finn Marble Claim, George Pulver Marble Claim, J. C. Rathbun Marble Claim, R. L. Fox Marble Claim, Fielden Smith Marble Claim, Ridge Marble Claim and Seattle Marble Claim. Said mining claims belong to and are owned by said F. M. Jordan and are situated and lie in the Ketchikan Mining District, in the Territory of Alaska, and are numbered and designated as United States Mineral Survey No. 1010. Said claims are contiguous to and join each other as more particularly described by the plat and field notes of survey with magnetic variation at 25° 48' east posted herewith upon the premises, and contain in the aggregate twelve hundred, sixty-eight and five hundred two, and one thousandths (1268,525) acres of land bearing valuable deposits of marble and other valuable minerals, located in Lat. 56° 10' N. ## Cal. Weather For Alaska

On board the S. S. Jefferson, of the Alaska Steamship Co., Jan. 20, an unusual incident was recorded. The vessel was moving through the inside passage of Alaska, about 800 miles north of Seattle. The afternoon was perfect, the weather being warm with no suspicion of wind. Owing to the large number of passengers the steward served afternoon tea on the boat deck. Pilot "Jock" Livingston was entertaining a party of pretty girls abaft the smoke-stack as the tea was being served. Unbeknown to the merry party, B. B. Dobbs, the well known Alaska moving picture man, who was making a trip on the steamship for the purpose of gathering additional material for his Alaska exhibits, caught the entire affair and with about 800 feet of splendid clear film he has a picture that is a novelty, afternoon tea on deck of a steamship in Alaska during January and the passengers looking for all the world as if they were en route to Bermuda.—Railway and Marine News.

## WEST COAST NEWS

F. E. BUTLER, EDITOR : Craig, Alaska

Ole Jacobson and Capt. Scotty  
Smith, of Copper Mountain, spent  
a few days in this place last week.

J. G. Brady and Ed. Smith of  
Klawock, spent the week end here  
and report Klawock as being tran-  
quil and quiet as is usual this  
time of year.

The Pirate, Capt. Gunderson in  
command, returned last week from  
Ketchikan, and is now kept busy  
gathering in the herring to supply  
the numerous halibut schooners  
operating in this vicinity with bait.

An average of about five halibut  
boats are now calling here daily  
for bait and supplies, adding con-  
siderable life and activity upon  
the waterfront.

Capt. Frank Loyd with his  
launch Stranger called in at this  
port the first of the week, for bait  
and supplies. Frank is industri-  
ously gathering in the halibut.

Capt. George W. Edenso took  
the launch Liberty into Peters-  
burg last week but did not find  
much of a market for his cargo.

Mr. Babbit, the forest official at  
this place, is in Klawock this week  
surveying additional streets, lay-  
ing out town lots and especially  
establishing the boundry lines of  
the plot of ground selected by Mr.  
Beattie, superintendent of native  
schools for this division, upon  
which the government will shortly  
the erection of a five thousand dol-  
lar school building.

### Wrangell Defeats Ketchikan Again

(Continued from First Page)

present it would seem that the  
Ketchikan boys were fighting for  
all they were worth and they cer-  
tainly put up a fine game and al-  
though they are not the equals of  
the Waangell team they are a good  
bunch of basket ball players and  
far ahead of the first team the  
Wrangell boys played in Ketchikan  
on New Years night, there being  
only one of the team remaining,  
and Manager Walker of the first  
city deserves all the credit obtain-  
able in that city in his endeavor to  
pick the best of the market in an  
effort to defeat the Wrangell team  
and for the sportsman like way in  
which their team took their defeat.

The line up of the game was:  
Wrangell Ketchikan  
Lynch Forward Erickson  
Dalgity " Radenbaugh  
Sylvester Center Hendricks  
D. Lewis Guard Moran  
C. Lewis " Dalaney  
Coulter Sub. Young  
H. Coulter sub, played in the first  
half, playing center, and C. Lewis  
staying out of the game on account  
of being on the sick list of some  
time, but he went in for the second  
half and the boys played as above.

After the game the canvas was  
stretched over the floor and to the  
music of the Wrangell Orchestra  
everyone enjoyed the rest of the  
evening in dancing to their hearts  
content. Mr. J. G. Grant acted  
as floor manager in his capable  
way and everyone stepped in to  
show the visitors a good time which  
they did. A good bunch of rooters  
came along with the visiting team

I. Sigurdson, I. M. Green and  
A. Strand, engaged in the marble  
quarries at Tokeen, spent Sunday  
here visiting friends.

C. D. Ferguson's saltery, locat-  
ed in the easterly subberb of town,  
is a busy place these days, salting  
curing and smoking herring. The  
herring being caught now are the  
best ever caught in these waters  
this time in the year.

E. H. Ramsey who, a few weeks  
ago started for the westward, the  
country of the proposed new rail-  
road, returned home a few days  
ago having gone as far as Juneau,  
finding it a little early to go to the  
the supposed elderado. He says  
he will make another start in a few  
weeks.

From the talk one hears it would  
seem that southeastern Alaska  
would almost be depopulated this  
spring. Nearly every man you  
meet is talking about going to the  
westward or inside near the pro-  
posed new railroad. There can  
be no doubt but there will be great  
opportunities in the near future in  
that country, but not this year.  
There cannot possibly be much  
work done upon the road this sea-  
son even if the general route is  
determined. After the general  
route is decided upon it will take  
at least one season to make the  
perment surveys establishing the  
exact route, which will, in many  
instances, deviate many miles  
from the preliminary survey.

and they all went home talking of  
the good time shown them by the  
Wrangellites.

The Ketchikaners left for home  
at six Sunday morning and Man-  
ager Walker stated that he has  
never seen a team more graciously  
treated than they had been and  
that in their opinion there is not  
a team in Alaska that ever defeat  
ours, to use his own words "You  
have a phenomenal team and they  
know how to play the game and  
their team work is perfect, they  
certainly are at the head of any  
team in the country.

### Joe Baronovich Purchases Nahlin

Joe Baronovich, of Karheen,  
yesterday purchased the Nahlin  
from Wm. Neil, and will use the  
big hull as a station for salting  
and mild curing salmon.

The Nahlin was built in 1912 to  
be used on the Stikine River but  
not being a success she was taken  
off the run and her engines remov-  
ed, and since that time has laid on  
the beach. Mr. Baronovich will  
have the hull strengthened so as to  
make her safer in a sea and will  
then have the boat towed to Karta  
Bay where he will open his saltery.

If you want to see a real good  
show go to the Photoshow tonight.

### Council Talking City Police

The City Fathers met in regular  
session at the council rooms last  
Thursday night. All councilmen  
were present except Sorset and Al-  
bright who are away from town.  
Judge Thomas and Marshal Wal-  
lace appeared before the meeting  
and asked the council if it was not  
possible for the town to appoint a  
Marshal at this time to co-operate  
with the Federal authorities in  
policing the town at night. The  
matter was turned over to the  
Police Committee and they were  
instructed to see what could be  
done along that line. The Council  
appointed Mr. N. J. Svindseth as  
Registrar of votes, and after the  
regular routine of business the  
Council adjourned.

### Shingle Mill Starts Operations

The Wrangell Shingle Company  
started operation last Monday  
morning with a full crew. Man-  
ager F. E. Smith states that he  
has a good season before him and  
expects to keep the mill pouding  
until late in the fall.

With both mills starting this  
week Wrangell is entering upon a  
good summer and prosperity is  
coming our way.

### Wants To Play Wrangell Team

Manager Lynch of the Wrangell  
Basket Ball team is in receipt of  
a letter from the Manager, Oscar  
Grundler of the Douglas High  
School Basket Ball team asking  
what arrangements could be made  
for a game between the two teams.  
The local team have the matter  
under advisement and if ways and  
means can be provided they will  
take on the team from the Island  
City.
